
DICIEMBRE EN LA CLASE DE ESPAÑOL

Spanish Resources for December

Low-prep, high-interest activities for the last weeks before the break

The last weeks before winter break are here, and everyone is already thinking about vacation.

You want something festive that still gets students using Spanish, not just a movie.

You don’t have time to build it all from scratch.

If you do, you’re not alone.

That’s why I put together a full set of December resources: Christmas around the Spanish-speaking world, Las posadas, el Día de Reyes, Spain’s Christmas lottery, plus games and writing activities that get students talking. They’re ready to print or project, with answer keys where you need them. Everything lives inside our membership, so you can start using it this week.

7 days free, then $47 a month or $477 a year. Cancel anytime.
