

Spanish Verb Conjugation Maze Game (Present Subjunctive)

The present subjunctive is one of the most important—and often most challenging—verb forms for Spanish learners. Students rely on it to express wishes, emotions, recommendations, doubt, and uncertainty. Because mastering the subjunctive requires repeated exposure, this maze-style conjugation game offers a fun and interactive way to build accuracy and confidence.

This activity works well for Spanish 3, Spanish 4, AP Spanish, or any level beginning subjunctive study.

Objective

Move from START to FINISH by correctly conjugating verbs in the present subjunctive.

How to Play

1. Begin at the START space.
2. You may move up, down, left, or right—but only if you correctly conjugate the verb in the present subjunctive.
3. Each space includes a subject pronoun and a verb in the infinitive.
4. Say or write the correct form to move forward.
5. First player or team to reach FINISH wins.

- Turn it into a timed challenge for added excitement.
- Use the maze for AP-style warm-ups or quick review before writing tasks.

Final Thoughts

The Present Subjunctive Maze Game gives students the structured practice they need while keeping motivation high. It’s effective, engaging, and adaptable to a variety of teaching contexts. If you’d like, I can create matching games for imperfect subjunctive, subjunctive in noun clauses, or mixed subjunctive vs. indicative practice.
